# Pedal-Attached Motorized Bicycles

## What is a pedal-attached motorized bicycle?

- A bicycle equipped with both pedals and a motor, which can be ridden using by motor alone.
- A bicycle with a driving aid that exceeds assist ratio standards.

**Pedal-attached motorized bicycles are not bicycles!  
They are classified as general motorized bicycles or cars!!**

When riding a pedal-attached motorized bicycle, you must obey the same traffic rules as general motorized bicycles and cars, even if you only use it with pedals. These include having a driver's license, not driving on the sidewalk, and wearing a helmet.

## What you need before riding a pedal-attached motorized bicycle on a public road

Check 01

A driver's license for general motorized bicycles or cars

Check 02
