## Pedestrians have priority at crosswalks!!

★ Let's obey the traffic rules on the pedestrian crossing★

## ◎ Let's practice crosswalk signaling campaign Plus!!

### Signaling at pedestrian crossings

①

Use crosswalks when crossing the road.

②

When crossing the crosswalks, raise your hand signal to drivers and make eye contact with them.

③

Give pedestrians a signal to cross. (Raising your hand or making eye contact with pedestrians)

④

Pedestrians, please check for the safety before crossing the crosswalk. Drivers should start moving only after confirming that pedestrians have passed.

### Slowing down before a pedestrian crossing

A diamond-shaped sign indicates that a pedestrian crossing or a bicycle crossing is ahead. When you see this sign, lift your foot off the accelerator and be ready to stop safely if pedestrians or others are present on the upcoming crossing.

plus

This is a traffic violation

Always STOP

You must stop if there is a stopped vehicle at or just before a crosswalk.
